Stop Work on Operable Unit Baseline Risk Assessments

Ned Hutchins, Acting Associate General Manager
Environmental Restoration Management
EG&G Rocky Flats, Inc

On August 18, 1993, we instructed you to stop work on some portions of the baseline risk assessments for Operable Units (OU) Numbers 1, 2, 4, 5, 6, and 7. Based upon an agreement with Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH), we are instructing you to resume work on (1), selection of the contaminants of concern for both ecological and human health baseline risk assessments, and (2) statistical comparisons of RFI/RI data to background data for OU 2 (903 Pad, Mound, and East Trenches).

If you have any questions, please contact Richard Schassburger, at DOE/RFO, at extension 4538.
